Overhauled Modified Inspected Repaired Functional Test Other (See below)

GOODRICH, CMM 21-58-02, REV 004 DATED 07/31/2015

AERO CONTROLS, INC. Certifies the work specified in Blocks 11/12 was carried out in accordance with EASA part 145 and in respect to that work the product/article is considered ready for release to service under EASA Part 145 Approval Number EASA 145 4028. Pertinent data of the work order is on file at this agency under the Work Order No. given in Block 5 and on the attached teardown dated **04/30/2018** Pages 1

13a. Certifies the items identified above were manufactured in conformity to: **14a** 14 CFR 43.9 Return to Service Other regulation specified in Block 12

Approved design data and are in a condition for safe operation
 Non-Approved design data specified in Block 12

Certifies that unless otherwise specified in Block 12, the work identified in Block 11 and described in Block 12 was accomplished in accordance with Title 14, Code of Federal Regulations: part 43 and in respect to that work, the items are approved for return to service.

13d. Name (Typed or Printed): _____

13e. Date (dd/mm/yyyy): _____

14d. Name (Typed or Printed): **JASON L CRANDALL**

14e. Date (dd/mm/yyyy): **30/Apr/2018**

User/Installer Responsibilities

It is important to understand that the existence of this document alone does not automatically constitute authority to install the engine/propeller/article. Where the user/installer performs work in accordance with the national regulations of an airworthiness authority different than the airworthiness authority of the country specified in Block 1, it is essential that the user/installer ensures that his/her airworthiness authority accepts aircraft engine(s)/propeller(s)/article(s) from the airworthiness authority of the country specified in Block 1.

Statements in block 13a and 14a do not constitute installation certificate. In all cases aircraft maintenance records must contain an installation certificate issued in accordance with the national regulations by the user/installer before the aircraft may be flown.
